Agency Name	Program Name	Program Importance	Description of Benefits	Client or Customer Group(s)
JUSTICE, DEPARTMENT OF	Agency/State Representation	5	<p>State government is a complicated endeavor and professsional, high quality legal representation is crucial to protecting the financial and other interests of the state. Good legal advice can prevent agencies from getting into legal problems and related liabilities. Once an agency has a legal problem, effective legal representation can reduce or eliminate the exposure of the state.□</p> <p>□</p> <p>In the case of tort and workers' compensation cases, solid legal work by the attorney general's office is again necessary to reduce or eliminate the financial exposure of the state.□</p> <p>□</p> <p>In the case of attorney general opinions, carefully considered legal interpretation of statutes by the attorney general's office offers greater legal certainty to public officials faced with decisionmaking under such statutes.</p>	Cities, Counties, general public, State agencies, State employees, general taxpayer
JUSTICE, DEPARTMENT OF	Consumer Protection/Economic Competition	4	<p>Enforcement of Iowa's Consumer Fraud law serves two main purposes: First, it protects consumers (especially elderly)and business from frauds and scams in the marketplace. This is accomplished through education, mediation, rulemaking, and litigation. Second, enforcement advances economic efficiency by weeding out fraudulent businesses and business practices.□</p> <p>□</p> <p>Likewise, enforcement of the Iowa Competition Law protects victims of anticompetitive practices and promotes economic efficiency by weeding out practices that restrain economic actitivity and are monopolistic. Enforcement of Iowa's corporate farming laws preserves free and private industry, prevents monopoly, and protects consumers.</p>	Public, generally

JUSTICE, DEPARTMENT OF	Consumer Protection/Economic Competition	4	<p>Enforcement of Iowa's Consumer Fraud law serves two main purposes: First, it protects consumers (especially elderly)and business from frauds and scams in the marketplace. This is accomplished through education, mediation, rulemaking, and litigation. Second, enforcement advances economic efficiency by weeding out fraudulent businesses and business practices.□</p> <p>□</p> <p>Likewise, enforcement of the Iowa Competition Law protects victims of anticompetitive practices and promotes economic efficiency by weeding out practices that restrain economic activity and are monopolistic. Enforcement of Iowa's corporate farming laws preserves free and private industry, prevents monopoly, and protects consumers.</p>	Seniors, small businesses
JUSTICE, DEPARTMENT OF	Crime Victim Assistance	4	<p>The victim compensation and victim service grant programs carried out by the Attorney General's Office are crucial in providing services and benefits to Iowa citizens who are victimized by violent criminals. The grant program is specifically directed to care providers providing services to crime victims of domestic abuse and to crime victims of rape and sexual assault.</p>	Crime victims
JUSTICE, DEPARTMENT OF	Criminal Prosecution & Appeals	5	<p>There is no question that the state benefits from high quality legal work on criminal appeals. Criminals who challenge their convictions would go free if the state did not professionally represent the state's legal interest in the appellate courts.□</p> <p>□</p> <p>Likewise, without the skilled prosecutors in Area Prosecutions Division, county attorneys would not be able to tap the expertise they need to successfully prosecute some of the most heinous crimes in the state. Moreover, the state benefits greatly from the work of the Division in civilly committing some of Iowa's most dangerous sexually predators.□</p>	At-risk youth, counties, crime victims, general public, youth offenders

Department of Management Data Base

ECONOMIC DEVELOPMENT, DEPT OF	Workforce Recruitment	3	Successes of the Consortium are tracked in several ways. Member employers are reporting an increase in the qualified applicants that are accessing their businesses. It is challenging to accurately track the actual hires, but we can document at least 600 individuals who have been influenced by the Consortium marketing messages and taken positions in Iowa. This number is much larger when factoring in spouses and children who are now also working in Iowa. The marketing campaign has generated 20.5 million hits, 670,000 users sessions and over 1,200 resumes posted on the SmartCareer Move Web site by individuals interested in career opportunities in Iowa. Public relations efforts have generated coverage in national media like Business Week, CNN, Los Angeles Time, San Diego Union Tribune, Chicago Tribune, Arizona Republic, Kiplinger, etc. □	Business, cities, counties,all post secondary students general public

Department of Management Data Base

HUMAN SERVICES, DEPT. OF (GLENWOOD)	Glenwood Canteen	3	Benefit for clients. Provides clients served with the opportunity to make purchases of food and miscellaneous items with money from their personal accounts. Provides training opportunity for clients on personal budgets and provides socialization opportunities.	Children with disabilities, minorities with disabilities, people with disabilities, seniors with disabilities
HUMAN SERVICES, DEPT. OF (GLENWOOD)	Glenwood Resource Center	5	Healthy Iowans: To organize the programmatic operational functions of the institution to meet 100% of Medicaid/ICF/MR requirements. To provide a physical environment which is the least restrictive and most normalized in nature for all clients of the facility. To provide expert consultative resources to community based professionals, residential facilities and to natural and substitute parents providing treatment, care and training for individuals with disabilities. To assess the unique needs of those we serve on an individual basis to facilitate development and/or changes in programs to meet the needs. To assure that the facility is capable of responding to the total treatment needs of each individual seeking services.	Children with disabilities, community organizations, minorities with disabilities, people with disabilities, seniors with disabilities
HUMAN SERVICES, DEPT. OF (WOODWARD)	Woodward Resource Center	5	Healthy Iowans: Provide care and active treatment for 280 clients. The goals for residential care will maintain ICF/MR certification, provide specialized autism services to 39 clients, provide specialized sexual perpetrator services to 32 clients, provide specialized adaptive equipment to clients as needed and provide a safe environment as demonstrated by fewer than 20 injuries per week requiring physician treatment. Respite care will provide 18,000 hours of respite, services to 75 families and follow-up data will indicate satisfaction by 90% of families served. Time limited services will provide time limited assessments to 48 people and follow-up data will indicate that 66% of time limited assessments will result in satisfactory outcomes. Regional assessment, diagnostic and consultation services will provide 180 on site consultations and follow up data will indicate that 66% of consultations will result in satisfactory outcomes.	Children with disabilities, community organizations, minorities with disabilities, people with disabilities, seniors with disabilities

Department of Management Data Base

HUMAN SERVICES, DEPT. OF (WOODWARD)	Woodward Warehouse Revolving Fund	5	Provide food and supplies to DHS and DOC institutions so that these agencies can meet their goals in serving patients, clients, and inmates. Provides a mechanism to distribute government surplus goods when needed.	Adult offenders, At risk youth, Children with disabilities, people with mental illness, minorities with disabilities, people with disabilities, seniors with disabilities, state agencies, youth offenders
HUMAN SERVICES, DEPT. OF (ASSIST. PAY.)	Child Abuse Prevention	2	This program is evaluated using surveys given to participants. Participants were asked to assess their parenting ability; the extent to which the staff respected participant opinions, ideas, and concerns; the program's impact upon family's interactions; overall satisfaction; and knowledge of specific topics relevant to the program.	At-risk youth, families with children, general public
HUMAN SERVICES, DEPT. OF (ASSIST. PAY.)	Child and Family Services	5	There are over thirty federal child welfare outcomes that assess Iowa's progress in meeting the needs of children and families served by the child welfare system. These outcomes measure recurrence of child abuse and/or neglect, incidence of child abuse or neglect in foster care, permanency for children in foster care, the time until reunification with parents or caretakers, time until finalized adoption, placement stability, and placements of young children in group homes or institutions. Delinquency programs are evaluated with a six month after discharge followup to determine whether the child has reentered into group care or rearrested. School-based programs are evaluated by reviewing school attendance, grades, and disciplinary issues.	At-risk youth, community organization, families, fsmilies with children, foster children, all K-12 students, low income children, minorities, orphans, general public, school districts, youth, youth offenders

Edna McConnell Clark Foundation	3	Community Partnerships, as manifested by family team meetings, services tailored to meet the needs of families, Quality Service Review scores, collaborative efforts with local domestic violence, substance abuse, and mental health programs, shared decision-making with a community group, and support for Community Partnership strategies.	At-risk youth, families with children, general public
HUMAN SERVICES, DEPT. OF (ASSIST. PAY.)	Electronic Benefit Transfer Revolving	5	Iowa issues \$100,000,000 in food stamp benefits per year. This amount varies depending on the economic situation of the state. In hard economic times the amount of benefits increases. Electronic Benefit Transfer method of issuing benefits to eligible recipients allows recipients to participate in the mainstream banking technology; removes some of the stigma of using food stamps; more food stamp benefits are actually expended on food, and adds an electronic tracking of transactions which can be used to detect retailer fraudulent activities and the diversion of benefits on the part of recipients.	Adult offenders, african americans, asian americans, children with disabilities, disaster victims, families, families with children, farmers - production agriculture, (low income -children,families, people, seniors, workers), other food related businesses, seniors with disabilities
HUMAN SERVICES, DEPT. OF (ASSIST. PAY.)	Emergency Assistance	4	The Emergency Assistance program is intended to meet an immediate financial need which threatens the health and well-being of an eligible family that would not otherwise be met. Financial assistance is provided on behalf of a needy child or children who are experiencing a need caused by an emergency situaiton that they are unable to resolve by themselves. By meeting this financial need, families are not faced with homelessness.	Families with children, low income families, general public

Department of Management Data Base

HUMAN SERVICES, DEPT. OF (ASSIST. PAY.)	Family Development & Self-Sufficiency	5	* self-sufficiency indicators: earnings, recidivism * stability indicators: improvement in housing, education * safety indicators: placement of children in and out of home, family violence	At-risk youth, families with children, low income children and families
